What is U3A? Well it technically isn’t a university – no homework, no exams, no degrees or diplomas – just a lot of fun and interest with a good humoured group of mature women and men who seek to keep mentally active.

The University of the Third Age is a worldwide movement. Each U3A, nevertheless, is autonomous but able to enjoy the benefit of being part of a large, loose-knit association.

U3A Albury Wodonga is affiliated with the Albury Wodonga Community College (AWCC) at 63 High Street, Wodonga. Most classes are held at the College, with some at the Commercial Club, Albury Library Museum and Trinity Uniting Church.

Classes run during school terms, most weekly, some fortnightly or monthly. They range from gardening to games, philosophy to investment, book study, the environment, current affairs and so on.

The aim is for members with a common interest to get together in order to learn from one another. All contribute according to knowledge and experience, and a volunteer coordinator helps the process run smoothly.

NEW MEMBERS ARE MOST WELCOME. One free trial session is offered and fees are a low $55 per person per annum. Upon payment you can attend as many classes as desired. For more information please contact the U3A office, Monday to Friday on 0499895117 or the AWCC office on (02) 6043 8200 or contact us via the website www.alburywodongau3a.com or Email U3A@awcc.edu.au

U1811  HOW TO MAKE GOOD PHOTOS

Photo techniques and composition

The humble camera has come a long way with technology, smaller cameras to put in your pocket or bag, point and shoot to the larger ones and of course the mobile phone. They can take shots of the moon or close up shots of the flowers in your front garden. Are you seeing whatever you want to photograph in the correct way? The Creative Composition of Photography is an art "What to put in a photo" and most of all "What to leave out." In my view it’s better getting it correct in camera from the start than spending time in front of the computer fixing what you have spent hours taking. Light plays a great part in photography. How do we make light work to our advantage? The camera will see far more than you think. There are opportunities to participate in talks on equipment, computer photo storage as well as photo walks, photo sessions in the field, etc. The challenge is there for members to get out and use their equipment while trying out and learning to understand photographic techniques with their camera. Come and join our group.

INSURANCE COVER FOR MEMBERS

In this age of insurance litigation it is important that all Members note U3A Albury Wodonga (U3A) is not an incorporated body. It is an organisation run by unpaid volunteer members on behalf of all members. It operates under the auspices of the Albury Wodonga Community College (the College). U3A has no corporate identity, has no insurance arrangements under its name and provides no insurance cover for any member, class activity or circumstance whatsoever.

When a member of U3A is attending a College approved U3A class or other College approved U3A activity on the premises of the College, that member is covered by the College insurance arrangements. Classes listed in the Guide, when held on College premises, have been approved by the College for that purpose.

Members making their homes available for a class activity by U3A members should note that they are not covered by any College insurance arrangements unless prior approval has been given by the College in which case they will be notified by U3A in writing. Without that approval they could be liable in case of an accident or other misadventure suffered by a U3A member while on their premises and it is possible that any domestic public liability insurance that they hold may not cover a consequent claim arising in such circumstances. Members are therefore advised to check their personal liability insurance before hosting U3A activities at their homes.

For information only, at any other U3A activity at a site outside the College premises and not approved by the College a U3A member is not covered by the College insurance arrangements, but may be covered by insurance arrangements for that site, such as the Albury Commercial Club etc.
